

2017 ROAM BUSINESS ANALYST INTERN

Profitability is the foundation that allows our employees, members, and collective stakeholders to achieve their dreams. It is a catalyst for Roam's growth and will allow us to achieve our vision of renewing how the world does business.

POTENTIAL PROJECTS

- Develop a training curriculum for Roam employees that seeks to teach a basic understanding of corporate finance principles, including an understanding of financial statements
- Expand upon Roam's current reporting process to create a system that encompasses all key financial and non-financial reporting criteria
- Complete miscellaneous projects for non-finance departments, including sales, HR, and operations, as needed

INTERN MAKE-UP

- You are committed to understanding and living out Roam's company values: energy, personalized service, inspiration, innovation, and generosity.
- You actively manage the time and resources afforded to you with intentionality and responsibility.
- You are committed to learning how to provide full, fair, accurate, timely and understandable reports and disclosures to our employees, investors, and other key stakeholders.

SKILLS/EDUCATION

- Rising college Junior or Senior pursuing a degree or concentration in Accounting, Finance, Business or Economics
- Must have a basic understanding of accounting concepts
- Proficiency in Microsoft Excel
- High ability to multitask
